

Little Quackers

Why Turkey?

Turkey is a **lean** protein source **rich** in essential amino acids. It is also low in fat and a good source of essential nutrients such as riboflavin, potassium and selenium.

Why Duck?

Duck is a **lean, nutrient-dense** source of protein and also provides nutrients such as iron, selenium, B vitamins and zinc which contribute towards general health and wellbeing.

“Moonjoon Nutrition food ticks all the boxes. It contains 60% meat, grain free and is much cheaper than similar products on the market”

The Hughes Family, Flint
